CD 1179:40-1 HW 11/27/68

Paul had earlier sent me page 40. I got 41. The language of these reports is incredible if it is without significance, i.e., first sentence, second par. Provocative of suspicion also is the failure of the FBI to type this report from the date of interview, 11/23/63, for six months, until 11/19/64. While failure to type it might be an oversight, what does this do to the story that the reports are promptly typed and then the original notes are destroyed? In any event, it is one way to investigate the murder of a President
